## Neon Signs

Neon Transformer (Neon Power Supply) UL listed Indoor Type

Spread your word with neon signs

### Features

- Eye Catching
- Attractive & stylish
- Gains attention of passers by
- Absolutely inexpensive way to market your name

## Features :

- Neon signs are more attention-getting & have more memorable appeal than conventional advertising billboards.
- They last long professionally created & managed neon signs can last for 15 to 20 years. Compared to billboards which need to be replaced once in 2 to 3 years, neon signs are the real deal for your advertising needs.
- Contrary to popular belief, neon signs DO NOT consume high power. In fact, they consume less power than equally bright signs that use tubelights.
- They can be custom-made to your preferences.
- Neon Signs can be made in "50" different colors in the same sign.
- They are portable, being self contained units.
- They are not harmful to the environment. Neon Signs are not just for Outdoor Advertising or Shop Signs. They can be very effectively used for Art & Interior Dcoration purposes.
- All Neon Signs Quality/ Safty Certifications : The transformer with CE/UL/CUL approval, The plug with BS< GS< UL< SAA etc.
- In Put voltage range : 230/120 V AC
- In Put current range ; 2.5 A
- Out Put power range : 150W max
- Out Put current range : 10 A
- Out Put voltage range : 12-17 VDC

Note : All the technical and commercial specifications of the product displayed within the brochure, box, media, color, price, etc. are subject to change without any prior notice. No claims would be entertained by Pushpam and/or it's principal vendors in this regards. For all technical and commercial matter, jurisdiction would be Pune city only.
