The Pocket Printer A6 is a compact and lightweight mobile printer perfect for the on-the-go business professional. Easily print from your or Notebook Computer or PDA. Featuring wireless infrared connectivity for use with infrared enabled devices, the Pocket Printer A6 is ideal for mobile computing. Print directly to the printer without using cables. And for non-infrared enabled computers a serial cable is also included.

There are no ribbons or cartridges to replace. Using advanced thermal technology; the Pocket Printer A6 provides reliable, trouble-free operation. At less than 14 ounces total weight (with batteries), the printer is light enough to carry everywhere you go. Get high resolution, continuous tone memos, addresses, to do lists, mail or date books, from your PDA or use with your notebook computer to quickly print contracts, presentations and spreadsheets anytime and anywhere.

Providing maximum portability and ease of use, the Pocket Printer A6 uses continuous feed paper. A roll of high-quality paper is included with each printer. For power, the printer uses 4 AA alkaline, rechargeable batteries or the included AC adapter. The energy saving feature saves power by automatically shutting off the printer after 3 minutes of non-use.

Note : All the technical and commercial specifications of the product displayed within the brochure, box, media, color, price, etc. are subject to change without any prior notice.
